I agree with Chris or the clerk announcing the meeting only at the council meeting. I can be there if people think I should. J

I think what Chris is proposing is fine. I'm not available on 25 June, but still planning to attend the community workshop on 10 July.

Thanks,
Lynn

I am not planning a presentation for this forum. I am fine with being on the agenda and making a statement similar to what I placed in the email.

Dear Lynn and Daewon: I plan to be on by phone. The city manager wants a presentation which Aerojet can do. Please advise

Thanks for following up! I checked with our City Manager and she'd prefer that this is scheduled as a formal presentation. Can an EPA representative join you for that presentation?

Thanks,
Christine

Hi Christine – Thanks for working with us on inserting the announcement in the June/July newsletter!

Regarding the City Council Meeting. We were not anticipating a presentation. Rather, we were hoping that the meeting facilitator announced specific notifications, either at the beginning or end of the meeting. If so, we could prepare some wording for the announcement. Something like:

"The US Environmental Protection Agency invites all residents to attend a Community Workshop on July 10, 2019 from 6pm to 8pm at the Community Center. The Community Workshop will include a presentation on this Summer's cleanup activities at Area 40, which is part of the Aerojet Superfund Site. Area 40 is located east of Prairie City Road, south of Highway 50 and north of White Rock Road within the Folsom South of Highway 50 Plan Area."

If the meeting facilitator does not announce specific notifications, I will be present at the City Council Meeting and either I or someone from EPA would be happy to make the notification.

Thanks, Chris

Hi Chris,

I'm looping in Community Development Director Pam Johns and Parks & Recreation Director Lorraine Poggione. Please keep the three of us in-the-loop as we move forward with outreach plans and public meetings.

I've attached a copy of the citywide, printed June/July newsletter. This will reach mailboxes around June 1.

Yes, we can add the Aerojet Area 40 workshop to the June 25 City Council Meeting agenda. Please send me a draft title of your presentation (1-2 sentences).

We would like to schedule a team meeting to discuss the presentation, and public meeting plan (and related outreach). Are you and Jackie available the week of June 10? If so, please send us your available dates.

Thank you,
Christine

Hi Christine – I hope your week is going great! USEPA would like to see if the July 10, 2019 Community Workshop for Aerojet Area 40 can be announced at the June 25th City Council meeting. If so, can you tell me how to have it announced? Is there someone who makes general announcements or would someone from EPA or Aerojet need to attend and request to speak during the "Business from the Floor" agenda item? Thanks! Chris
